

Texas New Fruit Growers Conference

October 15 & 16, 2026, Rosenberg, TX

This one-and-a-half-day event exposes individuals with no previous farming or food production experience to an understanding of the unique challenges of managing a fruit tree orchard or berry patch.

Participants will learn how to select an appropriate site, choose crops that grow successfully in their area of Texas, establish an orchard, and protect it from some of the unique weather and pest challenges that fruit growers encounter.

• **4 instructional components:**

- Four-hour "Intro to Fruit Growing" Class, seminars & handouts
- Tree-to-Plate networking session
- Live-Action Laboratory & hands-on demonstrations
- Field Trip to commercial fruit orchard in the greater Rosenberg area - exact site to be determined

Registration:

\$130 per person, \$65 per person, \$250 Sponsors
(table, meals, & recognition)
